

WNYEC Best Practice / Differentiator Template

Web-Based Resources (area)	Yakaz
Celinda Crego (team)	August 17,2010 (revision date)

Best Practice Topic	Best Practice Description
Yakaz	Yakaz is a search engine for classified ads
	Searches all local classified ads, plus some websites that are added by "partners"
	Click on jobs
	Then enter title or company
	If for a specific geographic region, enter state, city & state, or zip code
	Create an alert
Benefits	Very targeted - a much shorter list of openings than Indeed
	In my experience, almost all of the jobs are relevant
	Quick & Easy to use
	Listings from over 10,000 websites
FAQ	Answers / Advice
How to use it?	Create an email alert for your search
Frequency of search?	Frequency can be 1x day, 1x per 2 days, or 1x per week
Options?	Advanced Search for what/where, etc.
	Can be used to search for non job applications
Geography	separate websites for other countries
